I have reviewed the plans and supporting documentation submitted and, if applicable, revised due to plan check corrections for the building permit application of the project identified above. I have determined there are no discrepancies between items identified on appropriate green point checklist to be utilized for obtaining compliance with the County of Sonoma Green Building Program and any portion of the plans that have been submitted for approval or issue the building permit. Discrepancies that arise during construction of the project will require approval of the Green Point Rater on or before the date of construction or use of other methods to obtain alternate points required for certification.
